The GT90CH cordless clipped head gas framer combines the convenience of a cordless tool with the power and utility of a pneumatic framing nailer. This well-balanced framing nailer has the power to complete all of your framing and sheathing job requirements. Perfect for framing crews, re-modelers, punch-out or service crews who need to un-tether from the hassle of a hose and compressor. Built with components that ensure all day durability and reliability, the GT90CH comes with a Ni-MH battery, battery charger, service tools, durable plastic case, and features a 2-year limited warranty.

Applications:

Truss building, framing, sub-flooring, sheathing and decks. Other applications include crate and box assembly, pallet making and fencing. Great for any application where cordless convenience would be a benefit.

Features and Benefits:

- Cordless Convenience - No hoses, no compressors, no hassles. Navigate the job site with no restrictions
- Powerful Motor - High-voltage ignition gives you more power and cleaner combustion
- Consistent Drives In All Weather Conditions – Performs optimally between 20° to 120° Fahrenheit
- Durable Metal Magazine – Rugged design outlasts plastic
- Tool-Free, Metal Thumbwheel Depth-of-Drive – Easily control fastener depth with no tool required
